

Amalgamated Transit Union Local 1738 of Latrobe Membership

First Student Safety Packet Notice

After a final review the First Student "Safety Packet" by the Executive Board and local 1738 legal counsel. Bargaining unit members are already employed by Laidlaw and First Student is a perfectly clear successor and consequently, our members should not be required to make application for their positions.

Moreover, the application requires, by virtue of the applicant's signature, that the applicant employee is employed on an at will basis with employment terminable at will.

As you know, our collective bargaining agreement requires just cause for any disciplinary action including discharge. The application also asks for information such as activities that are not relevant to positions occupied by our bargaining unit members.

Management of the Latrobe/Greensburg First Student facilities will be notified in writing of Local 1738 position on this issue.

In Solidarity,
Donald Kotouch
President-Business Agent
